

Mission Critical
Reliability, Only Faster

CAPABILITY STATEMENT

COMPANY OVERVIEW

NPAS, Inc ("NPAS") is a premier aerospace design, testing and manufacturing company. NPAS is focused relays and contractors for military and commercial aircraft, ground support equipment, military weapons, and infrared instrumentation. Our manufacturing plant is located in Delaware Ohio, with on-site engineering and test lab, available for rapid prototyping and turn around on products.

CORE PRODUCTS

- Electromechanical Relays & Contactors
- Infrared Testing Instruments
- Test Laboratory
- Software Embedded Electronics
- Aerospace Electrical Components

QUALIFICATION TEST LABORATORY

- Vibration Equipment
- Shock Equipment
- Rupture Equipment with Load Bank
- Temperature Chamber
- Altitude Chamber
- Explosion Chamber

Insulation Resistance
 Mechanical Life
 Reverse Current Sensing
 Operate/Release Timing
 Resistance Load
 High Amperage
 Multivolt Drop

Solderability
 Motor Load AC/DC
 Phase Sensing
 Inductive Load
 Overload
 Electrical Characteristics
 Leak testing

COMPANY DATA

POINTS OF CONTACT:

Dan Fusco, CEO, dan@npas.com
 Ruth Wright, ruth@npas.com
 Sales Team, sales@npas.com

CAGE CODES:

954E3, 52401, 0U8Z9

TIN: 87-0945348

SAM REGISTRATION: Active
BUSINESS SIZE: Small Business

QUALITY CERTIFICATION: ISO 9001:2015

FSC CODES: 5945 – Relay, Electromagnetic
 2520 – Aircraft, Engines

NAICS CODES: 336310 335312 335314
 336320 336390

DIFFERENTIATORS

- Design, Prototype, Test & Manufacturing (in house)
- Military Packaging Capabilities Test Lab
- Engineering Excellence and Experience
- Build to Print Capability
- Lean Manufacturing, Better Pricing
- Short Lead/Delivery Times
- ISO 9001:2015 Quality Certification
- Joint Certification Program (JCP) certified
- Hermetic Sealing
- Small Business Certification
- Hundreds of Successful US Govt Contracts

CUSTOMERS

- Safran Electrical & Power
- Northrup Grumman
- Aviall, A Boeing Company
- Unical Defense
- Aeroprecision
- Defense Logistics Agency
- DERCO Aerospace
- Logix Service Company
- UTC Aerospace
- L3 Communications
